

AGAPE FUND

Agape - selfless love for humanity

The Agape Fund is provided for our church family for temporary resources including, but not limited to, gas, groceries, and transportation during times of need. It is an opportunity for us to show our love for each other regardless of circumstances.

Please consider giving to this fund as an offering above and beyond what you normally give to the church.

Other ways to help those in need is to purchase gas, Hy-Vee, Fareway, etc cards. Those can be turned into the church office anytime M-Th 9-1pm and Fri 12-4pm.

If you know of anyone in our New Hope family, who could be blessed by this fund, please let our Caregiving Team leaders know.

John & Becky Parker - 515.834.2503

Rick & Rhonda Erhardt - 515.971.2383

Community Outreach Opportunity

We have a new family in our community that could use some healthy, reliable, helpful, and independent hands to help around the house. They have toddler twin boys that have some health needs and are expecting a new addition shortly. There are a few different ways that we can bless this family.

First is that this family could use several regular sets of hands to help with various household chores as well as assisting the boys by rocking, playing, reading to, changing, stretching, etc. You will not be left alone with the boys but just be an extra set of hands that can help as needed.

The next area of help that we would like to offer the family is a companion for regular weekly trips out of town for follow-up doctor's appointments.

The last area is if someone can offer snow removal for this family regularly, this season.

We have reached out to several churches, as well as community organizations to try to get help established for this family. One requirement when working with the boys and in the house, is that you are healthy and have had your flu shot. Illness when dealing with special health care needs can be significant.

If your schedule allows for this and you are willing, there will be a meeting held on December 4th at 5 pm at Adel Elementary. If you have any questions, contact
